REMARKS/ARGUMENTS

The application has been amended. The specification has been amended in order to address the Examiner's concerns. It is respectfully submitted that no new matter has been entered as a result of this amendment. Reconsideration is respectfully requested.

Claims 1-5 have been objected to, the Examiner pointing out certain objectionable elements of the claims. Claim 1 has been amended to address the Examiner's concerns.

In addition the Examiner has objected to the drawings for failing to comply with 37 CFR 1.84(p)(4). Appropriate corrections have been made to the attached Replacement Sheets.

In the Office Action, the Examiner has indicated that prosecution on the merits is closed in accordance with practice under *Ex parte Quayle*.
